

Where Are We Now

Roman Lob

I am focused
We were in a favour
And let your fire towards colliding
Because the storm only got you denying

Let it rain on us
A million drops, drink from us
The world is silent, traumatized
I only know I miss the time
But do you feel like you crossed the line?

Turn out alarms, the people I know
When we know that we lose it somehow
Traces , footsteps never fade

It's been a while I haven't seen your side
I can't forget what you are askin'
This day is a game
We're not supposed to win

With the 2 of us
2 tables against the rest
The world is traumatized

It feels opening several doors
Places I've never been before
You know I'll be the one to find out

Where are we now?
Did we lose it somehow?
Traces , footsteps never fade

Where are we now?
Did we lose it somehow?
Traces , footsteps never fade

Where are we now?
Where are we now?
Where are we now?
We are

Where are we now?
Where are we now?
Where are we now?
We are

Where are we now?
Where are we now?
Where are we now?
We are

Where are we now?
Did we lose it somehow?
Traces , footsteps never fade

Where are we now?
Did we lose it somehow?

Traces , footsteps never fade

Where are we now?
Where are we now?
Where are we now?
We are

Where are we now?
Where are we now?
Where are we now?
We are
