

Fester

Rome

They found her tonight, up in the hay
They're bringing her down now
Here is a candle to light your way
Back to bed

Are you that sleepy girl?
What did you expect to learn?
How to outlight murder?
How to cheat Death in terms?

Here comes the chopper to chop off your head, chip-chop.
The last one is dead
Oh, bring hell money
To reconcile with rage you bring

Hell money

Red stone and the liars throat
Red nail on the tongue that said it
Omens will follow you as will the snows

Are you that sleepy girl
who didn't want to learn
How to outshine murder?
How to cheat Death in terms?

Here comes the chopper to chop up your head, chip-chop.
The last one is dead
Oh, bring hell money
To reconcile with praise you bring

Hell money.

Here comes the chopper to chop up your head, chip-chop.
The last one is dead
O, bring hell money
To reconcile with rage
Oh, bring

Hell money

Here comes the chopper to chop up your head, chip-chop.
The last one is dead
Oh, bring hell money
To reconcile with rage

Hell money

Chip-chop
Chip-chop
The last one's dead.
