

# Heaven

Rome

I remember way back when  
we fell in love  
playing hide and seek in the garden  
romancing in the breeze  
take me where i wanna be  
in your arms  
in extacy

you mean the world to me  
and you make me whole  
I never felt this way  
feels like heaven  
ooh  
Heaven  
Heaven, i wanna stay in your arms  
Heaven, feels so good inside  
Heaven

say you're gonna stay a while  
holding me loving me  
through the midnight hours  
a quiet storm for two  
paradise in your eyes  
let go, relax your mind, let go baby

you mean the world to me  
and you make me whole  
I never felt this way  
feels like heaven  
owww  
Heaven  
Heaven, it feels so good to be here baby  
Heaven, so sweet so sweet  
Heaven, the way you love me baby  
heaven, i don't wanna go nowhere  
heaven, i wanna stay right here in your arms  
heaven, girl you make me feel so good  
heaven, i made her fall in love  
Heaven, taste your sweet love oh your sweet love  
Heaven, girl
