

Myself to Myself

Romeo Void

I am curious, but I dislike
Dislike involving myself
I don't want anyone to try
To try to understand me
'Cause then I'll be tempted (Tempted)
To try again and again
And it doesn't work out
It doesn't work out
If I can't keep myself to myself
And it doesn't work out
It doesn't work out
I can't keep myself to myself
I'm giving up the false attitude of love

I used to try to change
To tone down my responses
Disassemble the mechanism
But love kept leakin' out
So I started sleepin'
It helped to dull my senses
And I don't go outside much
It used to be I could take a long walk
On a windy night
On a windy night to go see someone
But, someone is now
Someone is now
Somebody else

I am curious, but I dislike
Dislike involving myself
I don't want anyone to try
To try to understand me
'Cause then I'll be tempted (Tempted)
To try again and again
And it doesn't work out
It doesn't work out
If I can't keep myself to myself
And it doesn't work out
It doesn't work out
I can't keep myself to myself
I'm giving up the false attitude of love

I'm curious
I'm curious

But, I'm giving up the false attitude of love
Giving up the false attitude of love
I'm giving up the false attitude of love
