

# Let Everything That Has Breath

Ron Kenoly

Let everything that has breath  
Praise the Lord  
And let the living proclaim  
Let everything that has breath  
Praise the Lord  
(repeat)

Let everything instrument  
Sound His praise  
As all His people adore  
Let everything that has breath  
Praise the Lord

I will open up my mouth  
And He will fill it with praise  
I will magnify His name  
The name that stands above all names  
Is Jesus

Let everything that has breath  
Praise the Lord  
And let the living proclaim  
Let everything that has breath  
Praise the Lord  
(repeat)

The sound of cymbals and trumpets of brass  
The sound of one accord  
Let everything that has breath  
Praise the Lord, praise the Lord

My Lord has put a new song in my heart  
It's a song of praise to my God  
And everyone who hears it will rejoice

Let everything that has breath  
Praise the Lord  
And let the living proclaim  
Let everything that has breath  
Praise the Lord  
(repeat)

Let everything that has breath  
Let everything that has breath  
Let everything that has breath  
Let everything that has breath  
Let everything that has breath
