

## For a Moment There

Ron Sexsmith

For A Moment There

For a moment there  
I could've swore I knew where I was going  
For a moment there  
I was in my room  
Following the music  
Never knowing  
If it was going anywhere

I could hear it in the sky above  
In the streets below me  
I could hear it in the songs of love  
Just enough to show me  
There was a light somewhere  
Somewhere

For a moment there  
The sun was in my eyes and I was blinded  
For a moment there  
But now I look again  
And when it seems like all is lost I find it  
Or it finds me anyway

I can see it in the sun above  
In the grass below me  
I see it in the ones I love  
Just enough to show me  
There is a light somewhere

For a moment there  
I could see it in the ones I love  
Just enough to show me  
There is a light somewhere
