Niggas, they hit every day
But I gotta pick through the wave
They know me, I stay in my lane
I'm groomin' shots and I kill at the clay

Spinnin', I stay in the streets
Don't play when you playin' with me
Watch what you sayin' to me
I'm comin' through and I spray with the heat

Niggas, they hit every day
But I gotta pick through the wave
They know me, I stay in my lane
I'm groomin' shots and I kill at the clay

Spinnin', I stay in the streets
Don't play when you playin' with me
Watch what you sayin' to me
I'm comin' through and I spray with the heat

When I run down, got a hitter with me, he bringin' the rocket out
I'm makin' gun sounds while I'm gettin' busy
And she's like how I'm wilin' out
She's fallin' in love now 'cause I'm stackin' bitches
I'ma throw the rubber out
I score like a touchdown when I touch down
He gon' flex when he not around (Damn)

Lil' bitch, you cannot use me
I wanna get in your coochie
She wanna go to the movies
I wanna fuck and I'm grabbin' her booty

They ain't goin' boom like a lighter
My hands, they be worth Street Fighter
I get them tools, pliers, smokin' these runts
And it's gettin' me higher

I tell 'em, move back 'fore I shoot that
Run up, get your tooth cracked
Hopped in a new bag, runnin' through cash
Got a choppa like two straps

I leave 'em on standby, niggas, can't slide
You can see in my damn eyes
I pull like the franchise, party ay, yeah
Shoot like the debris shot

Niggas, they hit every day
But I gotta pick through the wave
They know me, I stay in my lane
I'm groomin' shots and I kill at the clay

Spinnin', I stay in the streets
Don't play when you playin' with me
Watch what you sayin' to me
I'm comin' through and I spray with the heat

Niggas, they hit every day
But I gotta pick through the wave
They know me, I stay in my lane
I'm groomin' shots and I kill at the clay

Spinnin', I stay in the streets
Don't play when you playin' with me
