When you come around niggas laughin' they watchin'

Got .48 kick, now his body asleep

You move like you tough, but you hidin' from me

I call up the guys then we slidin' the V's

She's suckin' me up I demolish her teeth, like woah

(Get back) Get back

I walk with a limp 'cause my pockets too fat

I'm the man in my city, put gang on the map

If you front on the bro, niggas spinnin' right back (Right back)

That's facts

I cannot play, got no time for no rats

They hatin' on me so I'm watchin' my back

So I'm gettin' new money, count guap in the stash

I got the drip and it costs I move like a boss, I think I'm a genius

My niggas we can't take a loss got beam with a torch, I up and I squeeze it
