(Envious)

Ron Suno, niggas know the fuckin' vibes  
You get shot if you laughin'  
Gang, hold up

I call up Squeeze, he my number one ooter  
Yeah, we bangin' that medula  
I brought a clip that's longer than a ruler  
We gon' bend every block, just make sure we maneuver  
I'm smokin' on opps, I don't who to smoke  
Like, pass the chop, I let it go  
You get shot if you laughin', thinkin' it's a joke  
If I call up C Blu, he finna do the most  
I call up Squeeze, he my number one ooter  
Yeah, we bangin' that medula  
I brought a clip that's longer than a ruler  
We gon' bend every block, just make sure we maneuver

If I call up C Blu, he finna do the most

I made like five hundred in my sleep  
Real shooter, they cannot compete  
Amiri bandit, drippin' down to the feet  
Shorty wanna fuck, I wanna hit for free  
Popped a Perc', she calling me a beast  
That's your bitch, to me, she a freak  
Shorty let me hit, only eight PM, but she actin' like she asleep

Ridin with semi's, bet this gun won't jam  
Get me like two, three knocks when I ran  
I do a hit, then gotta book a flight  
I'm coolin' with baddies and they came from France  
I need me a bad bitch with good credit  
I tell her open bankings through her checkings  
She caught him lackin', aim it at his melon  
I told him pass the chop 'cause he a felon

Bitch, I'm ridin' dirty, ain't stoppin for D's  
Shorty said she hungry, I'ma let her eat  
Clutchin' on my tooly, spinnin' in a V  
Shorty wanna suck me, get up on your knees  
She was for the opps, now she with the team  
'Cause she know we winnin', finest in the league  
I be sprayin' hollows, comin' with a beam  
Tell 'em get back, this chopper make 'em lean  
Headshot left 'em in a dream  
They ain't bend a block, just put you on a tee  
Red dot, I'm cleaning up the scene  
I catch an opp, I'm bending in a week

I call up Squeeze, he my number one ooter
