

One Of A Kind

Ronan Keating

Late night
Butterflies
Tomorrow's playing
Playing on my mind
And I'm counting down the seconds

Whiskey neat
To tame the nerves
Can't wait to see
The way they look at you
Answering the question

Just say you do

Your love is one of a kind
And I'm not alone anymore
Just when I thought I was lost
I saw your face and my whole life changed
Your love is one of a kind
Even long after we're gone
Our love will always live on
Will you dance with me as the choir sings?
Your love is one of a kind

Ooh-ooh
Ooh-ooh
Ooh-ooh
Ooh-ooh
So dance with me as the choir sings

A fireside
Our favourite wine
The photographs
Of the years gone by
And I wouldn't change a second

Right here with you

Your love is one of a kind
And I'm not alone anymore
Just when I thought I was lost
I saw your face and my whole life changed
Your love is one of a kind
Even long after we're gone
Our love will always live on
Will you dance with me as the choir sings?
Your love is one of a kind

Ooh-ooh
Ooh-ooh
Ooh-ooh
Ooh-ooh
So dance with me as the choir sings

Look at our son now
He's wearing your smile
He's got your beautiful eyes

If only my mother could see us right now
Oh, oh, oh

Our love is one of a kind
And we're not alone anymore
Just when I thought I was lost
I saw your face and my whole life changed
Your love is one of a kind
Even long after we're gone
Our love will always live on
Will you dance with me as the choir sings?

So dance with me as the choir sings
