

She Gets Me Inside

Ronan Keating

Here's a song for the maker
Maybe the rest are just display
Here's my heart go on and take it
For one night or just walk away

There's one heart (one heart) and one voice (one voice)
There's one song (one song) and one choice (one choice)

She gets me inside
So I don't know wrong from right
And it all goes quiet
'cause everything, everything, everything is gonna be all right

Sometimes love can make you feel good
Sometimes love treats you like nothing should
Sometimes your heart's where feet have stood
But nothing's gonna change and nothing could

But, with one heart and one hole
With one night and search is over

She gets me inside
So I don't know wrong from right
And it all goes quiet
'cause everything, everything, everything is gonna be alright

She gets me inside
So I don't know wrong from right
And it all goes quiet
'cause everything, everything, everything
'cause everything, everything, evrything is gonna be alright
Is gonna be alright
Is gonna be alright
