

To Be Loved

Ronan Keating

The song of a little bird
The joy in three little words
I know it's real, this is how it feels
To be loved by you
The stars from a midnight sky
The melody from a lullaby
There's nothing real, that I wouldn't steal
To be loved by you

To be loved by you
If everybody knows, it's only 'cause it shows

A smile to put you on a high
A kiss that sets your soul alight
Would it be all right if I spent tonight
Being loved by you

To be loved by you
If everybody knows, it's only 'cause it shows

So carry on carry me away from here
All my days 'til the twilight of my life

I know what it is I need
It's clear as a shallow stream
It's as it seems, my only dreams
To be loved by you
