

# With You

Ronan Keating

Late one night  
I awoke from a dream  
I kept to myself until now  
And I saw your face  
Now somehow it seems  
I lost you somewhere in the crowd  
Where will I go  
What would I do  
Who would I be if I didn't have you

In your eyes  
See what the world can be  
In your smile  
The simple thing sing  
To me  
Without you, I'm lost  
Like a man at sea  
And with you is where I am meant to be

I wake every morning  
Rising to shine  
Take on the day  
With your hand in mine  
I'm not alone but it seems  
I'm dreaming of hope as I'm living the dream

In your eyes  
See what the world can be  
In your smile  
The simple thing sing  
To me  
Without you, I'm lost  
Like a man at sea  
And with you is where I am meant to be
