

## This Old Heart

Ronnie Dunn

I used to ramble all over town  
I'd be the last one out, I'd, close 'em down  
Stay out all night  
Baby, I was wrong

I didn't know that I could, feel this way  
Thanks to you, girl, now I, have it made  
So satisfied  
Since you came along

This old heart, ain't what it used to be  
Girl, your love, sure is good to me  
This old heart, ain't what it used to be  
Girl, your love, sure is good to me

You were the first to ever, get inside  
You took the lonely off of, my good heart  
Turned things around  
Oh, and now it's gone

This old heart, ain't what it used to be

Girl, your love, sure is good to me  
This old heart, ain't what it used to be  
Girl, your love, sure is good to me

Yeah, this old heart was barely beating, barely hangin' on  
'Til you came around and made it strong  
This old heart, ain't what it used to be  
Girl, your love, sure is good to me

This old heart, ain't what it used to be  
Girl, your love, sure is good to me  
This old heart, ain't what it used to be  
Oh, girl, your love, sure is good to me

Sure is good to me  
Sure is good to me
