

# Fool

Ronnie Milsap

Fool  
I must be a fool  
To let you treat me  
The way that you do

Yeah, baby  
I am a fool for you

When you stay out all night  
And you don't even call  
Makes me wonder  
If you love me at all

Still, baby  
I am a fool for you

There was a time when we were inseparable  
But lately, we've been drifting apart  
Maybe I should give up and just let you go  
If only I could convince my foolish heart

Fool  
They say I'm a fool  
And I should find me  
Somebody new  
Well, if they were me  
They would be a fool too  
Yes, they would

'Cause baby  
I am a fool for you
