

## Plain And Simple

Ronnie Milsap

Plain and simple  
She don't love me  
She don't need me  
She don't want me  
I should find someone  
Who would love me good  
Lord in heaven  
Oh I wish I could  
Loving nothing  
Till it's something  
Plain and simple  
I got nothing  
Love should warm my heart  
Like a sunny sunny day  
But it sometimes oh love  
Just don't work out that way  
If she hurts me  
She don't mean to  
She's in love  
In love with somebody else  
Is it her fault  
If I'm crazy  
And I go right on  
Hurting myself  
Ohhh  
Plain and simple  
She don't love me  
People she don't need me  
She don't want me  
Oh just as plain and simple truth  
That I love her  
And I need her yeah  
And I want her  
My whole life through
