

# Yesterday's Lovers

Ronnie Milsap

You asked me why I don't call you  
And why I don't come by now and then  
When the worst is finally over, it's best to let it end  
Yesterday's lovers never make good friends

Yesterday's lovers never make good friends  
And when a love like ours is over, it never lives again  
No I don't know where I'm going  
Oh but I know where I've been  
Yesterday's lovers never make good friends

You asked me why I've become a stranger  
You know I'd really love to see you now and then  
But I'm afraid of lovin' you then losin' you again  
Yesterday's lovers never make good friends

Yesterday's lovers never make good friends  
And when a love like ours is over, it never lives again  
No I don't know where I'm going  
Oh but I know where I've been  
Yesterday's lovers never make good friends
