

Took three hundred out just to see a clock
I don't want that ass, I don't wanna smash
Did it on my own, I don't wanna gloat
All my diamonds on, can't pick up the phone (oh my god, Ronny)
Everybody knows that I got it, ride around the city in exotics
Don't be acting stupid, man just stop it
Took up, now they wonder how I got it

I see you played all my songs, recently I'm never home

Run up my bands, run up them hands, diamonds are dancing, yeah

These niggas don't like being, run it up like Nike
Most of these niggas hypebeasts, bust it down for the timepiece

Took up, now they wonder how I got it

Made a milli on my own, money gon' send that bitch home
You can hear it in my tone, really got it on my own
Keep it wet up like my wrist, man shoot it up from the six

Fuck a nigga thought it was easy (yuh), Fuck a nigga thought it was easy (yuh yuh)
