(Ronny J, please turn me up)

Fly

All I really ever wanna do is spread my wings  
I'm a lay low nigga but I'm high as it be in the scene  
Got a new R8 sittin' outside on me  
Gave my mama [?] shit too sweet  
Don't try, don't dare on my name and need me  
Blessed with tears but I made it look easy  
Slidin' through south Florida where the zoes be  
Leave all that hating shit right beneath me

Lies, ain't no you and I  
At the mall, yeah, made everything alright  
Now I'm at the top and I fly G5  
Gettin' to the money on a nightlife grind  
Spend two hundred racks just to see my body shine  
I make five hundred racks, spend 'em all in one time  
I'm just living my life  
Adidas, cut the check, that's stripes  
Can't name one baddie I ain't pipe  
Rich nigga doing everything right
