Ronny J

Ronny J, listen up

I be the Aquarius, I spit out aquariums
Mediterranean, bitch I'm an alien
I'm Native American, rollin' up sharin' it, bitch I am arrogant
Hazardous when I spit Darius
Savage but I'm the protagonist
All of y'all leaders sip Actavis, mixed with the Xanax
Control it, no Janet
That shit is like Xanax so bitch I can't stand it
I'll mail it and stab it, put guts on your canvas
Then off to the Hamptons
Nigga I feel like Fred Hampton
Bitch I'm reppin' the mushroom planet
I put my soul on the canvas
You can peg it on a panoramic
Boy I'ma shoot it from a vantage point
Now you damaged boy
Ultimately I will Eagleton your lawn
You ain't on what I'm on
Pull up beat by Saigon
You with Lucifer, I don't lose so far
From a galaxy that's way afar
That's far away, that's hard to say
Who's hard to kill me, who's got the, ayy

Beyond triflin', I'm psychic
I'm the man motherfucker, I'm lightning
Tryna clash with a motherfuckin' titan
Denzel drag 'em to the river like a Pisces (woof)
I'm icy, she feisty
I'm the man motherfucker, I'm lightning
She a shon but you might call her wifey
See not many good girls get hyphy
Beyond triflin', I'm psychic
I'm the man motherfucker, I'm lightning
Tryna clash with a motherfuckin' titan
Denzel drag 'em to the river like a Pisces (woof)
I'm icy, she feisty
I'm the man motherfucker, I'm lightning
She a shon but you might call her wifey
See not many good girls get hyphy
