

# LETS GO

Ronny J

Fuck that shit, nigga  
I'ma do what I do, that's it  
Oh my God, Ronny

Let's go, let's go  
Lamborghini pull up, I'm like "Let's go, let's go"  
Stack the money up just like some legos, legos  
She want giddy up, so I come fresco, fresco  
You thought that your girlfriend and she let go, let it go  
Beat the pussy up until it stretch though, you special  
Now she all in love, she won't let go (Let go)  
I might pop out just to shut the club down, I'm on now  
I'm a beast, I'm a dog, number ones now

Clap the booty cheeks for the ones now  
I be getting money 'til the sun down  
RJ pulling up, know-know you want some  
Yeah, my niggas stay strapped with them things now  
R-Ricky, yeah, I beat it up like Pacquiao  
Took a PJ straight to Cali, I'm back now  
Used to sleep on couches, to the plaques now  
A-A-AP on my wrist, look like a glass house  
Fuck her on repeat (Yeah), I like my pussy neat  
Niggas staring at me knowing nothing on me cheap  
Ocean on my neck, deep in the pussy, make it squeak  
Now you wanna ride my wave, but never could be me

Let's go, let's go  
Lamborghini pull up, I'm like "Let's go, let's go"  
Stack the money up just like some legos, legos  
She want giddy up, so I come fresco, fresco  
You thought that your girlfriend and she let go, let it go  
Beat the pussy up until it stretch though, you special  
Now she all in love, she won't let go, let go (Let go)  
I might pop out just to shut the club down, I'm on now  
I'm a beast, I'm a dog, number ones now
