Shawty used to never give me shit
And now I'm askin' what that ass do
Last year rapper, boy, you mad 'cause I surpassed you
I can't beef with niggas, all this money out here passed through
The difference between me and you is I am fucking mad vro
Really out here stacks too
Permanent like a tattoo
Flexin' up in the damn room
Bitch in my hair like Cantu
Taste her, she actin' bashful
Smashin' up in that crash coupe
Spin it like Crash Bandicoot
Hey, I made it, I'm livin' proof
I can pay your bitch tuition if we gettin' technical
And if I did that shit I bet that bitch all on my testicles
Oh, that's your main bitch?
That ain't no problem, 'cause I let her go
Like there's a ho, and there's a ho
Workin' with that motion
I'm like there it go, like there it go
Oh, that's your main bitch?
That ain't no problem, 'cause I let her go
Like there's a ho, and there's a ho
Workin' with that motion
I'm like there it go, like there it go
Workin' with that motion
I'm like there it go, like there it go
