What you wanna do tonight  
I'm with the gang tonight

Green light like in traffic  
I'm going the fastest  
Two seater for a bad bitch  
(OMG RONNY)  
They say I'm a savage

We can hit the roof top  
We can go downtown  
Baby let me know when you in town  
Are you down are you down  
You say you wanna play right  
Pull up on me on the late night  
I just wanna know are you down are you down  
I'm digging the vibe you know how it goes  
I'm always on go  
Coming in hot to the city  
Everybody seems to know

I ain't feel love in a minute so my heart is feeling vacant  
Used to be down and out I ain't think I would make it  
What you wanna do tonight  
Let me know if you want to link go up  
I'm with the gang tonight  
Bring ya girls we can turn it up

Green light like in traffic  
I'm going the fastest  
Two seater for a bad bitch  
They say I'm a savage

I want you now nothing later  
I'm in a Bentley Bentayga  
You Got me fucked up ima take her  
This shit getting hot I can't stay here  
Like I'm a dove  
I stay fly  
They way that they treat me they know I'm that guy  
The Shit can get tricky when they taking sides  
All my guys slide when I'm going outside  
Gucci letterman  
I'm with taliban  
I'm in lala land  
Sticking to the plan  
Somewhere in Japan  
Counting up the bands  
Now they want me  
So I get a big advance  
It's a tight rode I'm moving solo  
Ima pick you up on the low low  
It's a tight rode I'm moving solo  
Ima pick you up on the low low

We can hit the roof top  
We can go down town

Baby let me know when you in town  
Are you down are you down  
I know you wanna play that  
Pull up on me on the late night  
I just wanna know are you down are you down  
I'm digging the vibe  
You know how it goes  
I'm always on go  
Coming in hot to the city  
Everybody seems to know
