Ronny J, listen up

Double G need a G every time it's a comma
Day one Gs stay down for the come up
All you other niggas steady duckin' the karma
I come correct when I step and I step
Double G need a G every time it's a comma
Day one Gs stay down for the come up
All you other niggas steady duckin' the karma
I come correct when I step and I step

Goin' off that green, gankin' on geese
Don't lose your brain out here in these streets
Nothin' but boss niggas, run up on me
Got a Patek cost, life come with a fee
But we just be deep, rollin' up killa
Beatin' up concrete, we go gorilla
I move like a Stilla, they know who chiller
My niggas realer than most
We move 'cross the coast
And they know that I bring the flow
Straight back to the 9-4
Most of them judge me because my eyes low
But I'm on indo
Middle fingers up, hangin' out of the window
Buckin on lights in the Benzo
In the hood where you see a lot of bandos
Chicos get a mill' by the caseload
Lotta weight but I can never wait but I gotta state

Double G need a G every time it's a comma
Day one Gs stay down for the come up
All you other niggas steady duckin' the karma
I come correct when I step and I step
Double G need a G every time it's a comma
Day one Gs stay down for the come up
All you other niggas steady duckin' the karma
I come correct when I step and I step

Double G, he a G, put them to the test
Real right nigga, don't bang to the left
Bitch, I be sat down, wish death to the rest
Heavy artillery, none less than attack
Fuck with me fully, but bitch I came to collect
With my chopper delivery, bring it straight to your step
Oh, load up four Gs of OG dope
Ain't no police, I won't freeze, oh
Might lay with your dope fiend, she said, "I want more please"
So I gave her dick, I feel like I'm Moby
Oh, load up four Gs of OG dope
Ain't no police, I won't freeze, oh
Might lay with your dope fiend, she said, "I want more please"
So I gave her dick, I feel like I'm Moby

Double G need a G every time it's a comma
Day one Gs stay down for the come up
All you other niggas steady duckin' the karma

I come correct when I step and I step
Double G need a G every time it's a comma
Day one Gs stay down for the come up
All you other niggas steady duckin' the karma
I come correct when I step and I step
