

Typical

Ronny J

Foreign girl that's a bad habit
Fell in love with all her talents
Let me fuck you in the bed roger rabbit
Kill the pussy put her in a casket
So good had to hit her with no jacket
Even dripped her down in designer fabrics
Ate her up like I was famished
What she wanted yeah I let that bitch have it

I guess I loved the idea of you
Too good to be true
And after all you let me fall
Just so I could lose
Turned my heart to blue

Typical luck for me
Planned it when I fell asleep
She took everything
How am I supposed to trust anything
After you ran over me
Left me here to bleed
