

My Narrow Road

Roo Panes

You're my narrow road
But how I love you
And everything you do
Oh you're my narrow road
But will you walk it with me
All of the way to you
Be my guiding light
Be my view

Look me in the eyes, love
Look me in the eyes, love
They're my narrow road
Back to you, to you
To you

Ooh-ooh, ooh-ooh
Oh, oh

You say I'll see you in your ways
That they're the lines, the contours
The architecture of your face
So miles traveled in your smile
Can feel like they are nothing
Oh beauty in a desert place
Seems your ways are narrow
As an open space

Look me in the eyes, love
Oh look me in the eyes
Oh look me in the eyes
Oh you're my narrow road
Oh you're my narrow road
Oh you're my narrow road
Oh you're my narrow road

Ooh, ooh
