

Frustrated

Rookie of the Year

I wake up to get down
You and me girl on the ground
The satellites in the sky
They can't see through
Blurry eyes

Got me up
Against the wall
Tie my hands back
So I never found you breathing
Every night don't deceive me
Every time

We could drive so far away
It's not that hard
The lights go out today
It's all the same (it's all the same)
Yeah it's all the same (it's all the same)

Cuz you're not gonna end up frustrated
In a world when it's complicated
Yeah oh ah oh oh
In the hurricane
Oh ah oh oh
Hold on to me

Late at night
I will think
You and I could
Just fall into the break down
The city lights
No way out
We're paralyzed

We could drive so far away
It's not that hard
The lights go out today
It's all the same (it's all the same)
Yeah it's all the same (it's all the same)

Cuz you're not gonna end up frustrated
In a world when it's complicated
Yeah oh a oh oh
In the hurricane
Oh ah oh oh
Hold on to me

Cuz you're not gonna end up frustrated
In a world when it's complicated
Yeah oh ah oh oh
In the hurricane
Oh ah oh oh
Hold on to me

Just fall into the break down
Ooooooh
Hold on to me

So I always feel you breathing (breathing)

Cuz you're not gonna end up frustrated
In a world when it's complicated
Yeah oh ah oh oh
In the hurricane
Oh ah oh oh
Hold on to me

Cuz you're not gonna end up frustrated
In a world when it's complicated
Yeah oh ah oh oh
In the hurricane
Oh ah oh oh
Hold on to me
