

Put 'Em Up

Room 2012

Put 'em up
You're surrounded
Wind it up
Turn around it

Don't leave me hanging
Don't leave me love on the line
This heart is breaking
It's beating 4/4 a time
And the melody cries

Put 'Em Up
Give it out
You're surrounded
Wind it up
Put it out
Turn around it

Explore me baby
Put 'Em Up
You're surrounded
Wind it up
Turn around it
You never know what you'll find
Put 'Em Up
You're surrounded
Wind it up
Turn around it
Don't keep me waiting
Put 'Em Up
You're surrounded
Wind it up
Turn around it
This is killing my mind
Put 'Em Up
You're surrounded
Wind it up
Put 'Em Up
You're surrounded
Wind it up
Turn around it
Around it
And the melody cries

Put 'Em Up
Give it out
You're surrounded
Wind it up
Put it out
Turn around it

This is story about a girl in a dream
She was spinning and shouting
I don't know what the hell it means
On and on and on the needle and the record
On and on
And on floating like a feather

On and on and on dancing with the weather
On and on and on the needle and the record
On and on and on floating like a feather
On and on and on dancing with the weather

Put 'Em Up
Give it out
You're surrounded
Wind it up
Put it out
Turn around it
