

# Washed Away

Rooney

I'm so washed up  
I got sand coming out of my pockets  
I need more time  
Just a little more time

So sail away  
Once it's gone, there's nothing more to say  
Just a name that I did stay  
A castle of sand been washed away

My girl, don't look at me no more  
My house got red tape on the front door  
The hourglass  
Is falling fast

So sail away  
Once it's gone, there's nothing more to say  
Just a name that I did stay  
A castle of sand been washed away

I need more time  
Just a little more time

So sail away  
Once it's gone, there's nothing more to say  
Just a name that I did stay  
A castle of sand been washed away
