

Belong

Roosevelt

Take us out of sight
It's tearing us apart
Place to run and hide
Trying all this time
All those passing days
Chasing me in the night
Must know your face
See you from inside

Running around
Hold me till you're gone, yeah
Spinning around
See where we belong

Take me back in time
It's tearing us apart
I can make you mine
Fall back to the start
All those passing days
Chasing me in the night
Has fallen into place
Now we're out of sight

Running around
Hold me till you're gone
Spinning around
See where we belong
