

Elliot

Roosevelt

Tell me you know
Nothing was meant for you
You seem to lie, Elliot
Before you go
There's nothing more left for you
You love the night away
Tell me you know
Nothing was meant for you
You seem to lie, Elliott
Before you go
There's nothing more left for you
And nothing by the way

Elliot Elliot, look out!
We got time on our way from now
Elliot, Elliot, look out!
We got time on our way from now

Tell me now
I feel all about for you
You seem to lie Elliot
Before you go
There's nothing more left for you
And nothing by the way

Elliot Elliot, look out!
We got time on our way from now
Elliot, Elliot, look out!
We got time on our way from now
