

Illusions

Roosevelt

Sometimes it feels like I'm just talking to myself
Hallucinating lets me see like someone else
With every second I get closer to the ground
You know that soon enough I'm nowhere to be found

It feels right - come and slip away

All that I can see - is illusions
Riding through my mind
They give me what I need - confusion
Is all I seem to find

I'm waking up at night from noises at my door
Somehow I realize a feeling from before
With every move I make I slowly melt away
Don't let me down just take me to another day

It feels right - come and seize the day

All that I can see - is illusions
Riding through my mind
They give me what I need - confusion
Is all I seem to find
All that I can see - is illusions
Riding through my mind
It's never what it seems - confusion
So hold me till I die
Hold me till I die

Till I die
Till I die
Till I die - illusions - riding through my mind
Till I die - illusions - is all I seem to find
Till I die - illusions - riding through my mind
Till I die - illusions - is all I seem to find
