

Lake Shore

Roosevelt

I've made it past the summer
On my own now
I've never been so lost before

We fell for one another
Seven years ago
I've never been in love before

Spend my days in Silver Lake Heights now
Wish I still had the light
Throughout the night, yeah

All I do is running around now
Guess I'm far off the ground
But still hear the sound, yeah

I've made it past the summer
On my own now
I've never been so lost before
