

Paralyzed

Roosevelt

Keep me off for a minute
Till I find my way
Get me back on my rhythm
Finally, you say

I know I've kept you waiting
So I could reach for more
Can feel our love is fading
So lead me to your door

All I can say
Feels off now
I'm paralyzed by your love
Pull me away
You know how
I'm paralyzed by your love

By your love
I'm paralyzed by your love
By your love
I'm paralyzed by your love

See your face in the mirror
Then you slip away
As we sit on the river
Feel it's time to say

I know I've kept you waiting
So I could reach for more
Can feel our love is fading
So lead me to your door

All I can say
Feels off now
I'm paralyzed by your love
Pull me away
You know how
I'm paralyzed by your love

By your love
I'm paralyzed by your love
By your love
I'm paralyzed by your love

All I can say
Feels off now
I'm paralyzed by your love
Pull me away
You know how
I'm paralyzed by your love

By your love
I'm paralyzed by your love
By your love
I'm paralyzed by your love
