

Rising

Roosevelt

Don't keep me waiting now
'Cause all of the time
It feels like we're rising up

Go easy on me now
It's all on the line
It feels like we're rising up

Don't keep me waiting now
'Cause all of the time
It feels like we're rising up

Go easy on me now
It's all on the line
It feels like we're rising up

(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)

(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)

(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)

(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)

I never meant to let you down
We keep on reaching higher ground

I never meant to let you down
We keep on reaching higher ground

Don't keep me waiting now
'Cause all of the time
It feels like we're rising up

(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)

(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
(Feels like we're rising)
