

Take Me Back

Roosevelt

Howling at the sun
It's been my way
Always on the run
So take me back
Mirrors on the wall
It's been my way
Never been the one
So take me back

Howling at the sun
It's been my way
Always on the run
So take me back
Mirrors on the wall
It's been my way
Never been the one
So take me back

All the things I tried to mention
Are fading back again
All the time I tried to tell you
It takes me back, takes me back again
Takes me back again
