

Yr Love

Roosevelt

Bring back your love to me
Hold me like you did
Was never enough for you
Take me back again
Bring back your love to me
Hold me like you did
Was never enough for you
Feels like we'll never be the same again

Bring back your love to me
Hold me like you did
Was never enough for you
Take me back again
Bring back your love to me
Hold me like you did
Was never enough for you
Feels like we'll never be the same again

All I ever know is the look in your eyes
Hold me like you did
I never was the one to leave you aside
Take me back again
All I ever know is the look in your eyes
Hold me like you did
I never was the one to leave you aside
Take me back again
