

## Equirhodont Grandiose Magus

Root

I am an envoy of Infinity,  
Materialization of mysterious Wishes,  
I am Grandiose Magus Equirhodont  
And I have fulfilled my mission

The race from the Stars that created you  
Was destroyed by you - why?  
I am the last of them thousands of us who survived  
Are sealed in Black Stone.

Only longing for vengeance gave us the power to create  
Me, the Stone and Dygon.  
Note Rodäxx what you must know,  
For each blow to Dygon  
All living are paying with their lives.

And that also your bravery became our vengeance  
Only Rullbräh is innocent, innocent  
Although she is mother of Dygon.

We don't exist any more  
I have fulfilled my mission  
Nothing more than Emptiness  
I have finished - I am the Grandiose Magus .
