

The Key to the Empty Room

Root

I am looking for the Key to knowledge of Wisdom
I want to know castawayed Creatures
Just I don't know what knowledge brings me
If malice or joy

I am looking for the Key to the sense of all
Just I am not sure if I don't search
The Key to the empty room...

Deep and dark newforms of Nothingness
Decoy me with its ethereality
Of oracular Unknown

That Key, that Key
