```
Dream on and never, never wake up
forget about your Spirit
Let the pictures flow in the blood
Let the lust create your feelings
Now become a new human beeing
You'll get the real life
Fuck the Demons out - fuck the Demons
War's the only way
War is everywhere there- believe me
No one - neutral
Everyone makes War- believe me
No spectators
Chose the real life or illusions
Chose the future
There is no time to lose - believe me
Sight the Real
Stop the dream it's time to wake up
Now, recall your Spirit
Don't be afraid of pain - life is life
The pain is the sign of existence
War is everywhere there- believe me
No one - neutral
Everyone makes War- believe me
No spectatooooooorsss
Tell the truth - be dead or alive
Tell the truth - be dead or alive

Tell the truth - you must decide
Tell the truth - be dead or alive

Tell the truth -
You must revive to get knowledge of reality
I feel no longer a human ,
I'm fuel for the coorporates, we live for them - ( I'm
not dead )
I feel no longer a human , I'm a fodder for the
industry - ( I'm not dead )
which gives me the fodder
I feel no longer a human
I'm like a dragon who eat's his tail
Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - be dead or alive
Tell the truth - you must decide
Tell the truth - be dead or alive
