

Universe (Mil Jaana Tu)

Rosa Linn

Heavy wings can't fly me
I get a little high then I fall apart
And your light can't guide me
I'm living in the dark

Mujhko bhi bechaini hai
Jo tumko hai
Ye pal bhar ki
Hi mushkil hai
Kal ko manzil
Milna hi hai

But in another universe
I wonder if the night comes first
I wonder if we'd make this work
In another universe
I could love you
I could love you

Tu sabse alag hai laga
Jo dekha tujhe gaur se
Wo duniya jahan koi na kayda
Haan tu wahin ka lage

Milna toh likha hai
Mera kahin tum se
Gar na mil paaye
Duniya mein tum hum se

But in another universe
I wonder if the night comes first (Tu Paas Aa)
I wonder if we'd make this work (Tu Paas Aa)
In another universe
I could love you

Toh hogi duniyaa koi
Jahan pe hum jaise hi
Do raahi milte honge
Aake wahi duniyaa mein
Mil jaana tu

You
Kahin aasman mein mileya
I could love you
Kahin aasman mein mileya

Toh hogi duniyaa koi
Jahan pe hum jaise hi
Do raahi milte honge
Aake wahi duniyaa mein
Mil jaana tu
