

# Drapes

Roscoe Dash

Pussy got me slidin'  
Like a new pair of skates  
Head so fire brought her shoes  
And the wraith  
I'm working to the T  
It got me comin home at 8  
Water so good  
I can drink it from the lake  
She in a lace  
Got me straight  
Just wanna taste  
Don't wanna wait  
I say my grace  
She sit it on my face  
Don't need a plate  
I spread her like some Drapes

Get her out them draws  
Push her to the limits  
Fucking way too hard  
I might catch a sentence  
Broke that pussy down  
Like a stage when I'm finished  
Hit from long range  
Like a Range when I'm in it  
I'ma donate...eat her like steak  
Throw the rod, bait  
I might fish fillet  
She put the water on me  
I might rinse away  
Cloudin' up the room  
She precipitate

Don't panic  
We make a Scoe Sandwich  
She deserves some Jacksons to her name like Janet  
She gonna bring her frnd too  
We gonna both plan it  
It ain't no damage  
We get so savage  
Yeah Too much ain't too much  
We Netflix and chill  
We don't do much I got her takin shots  
Got her too clutch  
Bought her a headband and a new [?]
