

Fleek

Roscoe Dash

Watch them trying to rain down on you
Trying to throw a lot of drug seen
Transport 48 I'm your suspect
I'm the only one she wanna
Bright light down on me
Get crossed and cross the street
I pull out with a please
And all of them for me
Maufucker

We ain't got no breaks
It goes on and on
And I got the two bars always raised
Girl who's side you on
She want's a bad boy like mase
To provide it all
Girl you know I got it
Girl you know I got it

Just getting started and we ain't done yet
Gotta do a lot of drug shit
First 48 I'm a suspect

I ball like Dominic
Get crossed and cross the street
Yea I pull up with the fleet
Yea and all of them going to fleek

All these niggas trying to second they could never wizz it

Making ways I make you suck a dick
Hang like a motherfucking curtain
Beat the pussy black and blue like

They all make a sound the amount of cash you get
She made that dick disappear that's a magic trick

Trying to tell them we ain't got no break
