Roscoe Dash

I'm still ridin' round with yo main bitch
Ballin' hard, come from Cambridge
Still waking out everyday
Get right back on that same shit
That's what the fuck I wanna do
Drive the same cars that stunters do
I wanna do, but I'd rather do what you wanna do
I'm in front of you, what you gon' do?
Get money and bitches at the same time
Only got a bitch on face time
Nah, I ain't talkin' bout face time
Finn the time mufucka really ain't mine
I ain't lyin', you can ask the niggas I been with
They make note cause they seen it
So many bottles makin' nigga sea sick
So hot, wear pair of [?]
Still get way in yo ass is greasy
Lax wait long, Norwegian
Still askin' how much my features
Since No Hands I don't really need it
Ain't no sense in make believin'
I used to have a dream
But those who were way back before I achieved it

I just spend the money, You gettin round in all kinda ways
So remember what I begin now
