Roscoe Dash

I think I love u babygirl but then again  
I been getting way more love from these benjamins  
I'm just stating facts  
Least when money talk back it  
Don't make me wanna go to fuck off

They like to say it's all love but then again  
I been getting more love from these benjamins  
Atleast when shit get off track  
You come right back  
Me and money bouta go to fuck off

I'm back and I'm better

Let her girlfriends Join her got em bending like a corner  
They might write a book abt me

Got me feeling Tom Sawyer  
Hit the gas I got new objectives  
I'm still on like the wifi  
I got new connections  
I'm super flex in  
I see my future but it ain't the car  
We celebrating a win but we don't smoke cigars  
We superstars  
I think I love it
