

# Never Surrender

Rose Cousins

Just a little more time is all we're asking for  
Just a little more time could open closing doors  
Just a little uncertainty could bring you down  
And nobody wants to know you now  
And nobody wants to show you how

So if you're lost and on your own  
You can never surrender  
And if your path won't lead you home  
You can never surrender

With a little perseverance we can get things done  
Without the blind adherence that conquered some

And nobody wants to know you now  
And nobody wants to show you how

So if you're lost and on your own  
You can never surrender  
And if your path won't lead you home  
You can never surrender  
And when the night is cold and dark  
You can see, you can see the light  
'Cause no one can take away your right  
To fight and to never surrender  
To never surrender

And when the night is cold and dark  
You can still see your light  
'Cause no one can take away your right  
To fight, to never surrender  
To never surrender

Time is all we're asking for  
To never surrender  
Never surrender  
Just stand your ground, never surrender, oh
