

# Simple Thought

Rose Cousins

I want you  
I want truth  
Truly I want you to be mine

I want you  
And I want truth  
I want you to be mine

It's as simple as this  
Warm as the kiss  
That I place on the side of your head  
Whate'er I rest  
Where I confess  
In your ear all the things that I dread  
I dread

You're my natural high  
The kind you can't buy  
In a bottle or a cigarette  
Don't ask me why  
I keep trying

Press my hand close  
Say goodbye to the ghosts  
That have followed you all through the years  
Let it all go  
All you need to know  
Is that I am a place safe for tears  
Safe for tears  
Safe for tears

And I want you  
And I want truth  
I want you to  
Be mine  
Be mine  
Be mine
