

Fun

Rose Falcon

See you later
Tomorrow's calling
I've gotta run
It's so exciting
A little scary
I wish you could come

I wish you could
Maybe you could come

This is gonna be fun
This is gonna be real
From my feet to my fingers
I'm gonna feel
I'm gonna feel
This is gonna be real fun

The clock is ticking
Telephone ringing
How time does fly
Don't look so sad
Don't look so lonely
This ain't goodbye

I wish you could
Maybe you could come

This is gonna be fun
This is gonna be real
From my feet to my fingers
I'm gonna feel
I'm gonna feel
This is gonna be real fun

I got a full tank of gasoline
I think it's enough to follow the dream
Follow the dream
Follow the dream
Follow the dream

This is gonna be fun
This is gonna be real
From my feet to my fingers
I'm gonna feel
I'm gonna feel
This is gonna be real fun

This is gonna be fun
This is gonna be real
From my feet to my fingers
I'm gonna feel
I'm gonna feel
This is gonna be real fun

This is gonna be real fun
This is gonna be real fun
This is gonna be real fun
