

# Angel in the Sky

Rose Royce

You were so untrue  
But now you're true  
And you became brand new  
And I changed too

And you don't have to say anything  
Oh, baby, I can tell by your eyes  
You're like an angel in the sky  
You're like an angel when you open my eyes (Eyes)

I can't help it all  
My dreams come true  
Because of you  
And I'm so happy when  
I'm kissin' you

And you don't have to say anything  
Oh, baby, I can tell by your eyes  
You're like an angel in the sky  
You're like an angel when you open my eyes (Eyes)

You're like an angel in the sky  
You're like an angel when you open my eyes  
You're like a winter's dream of mine  
You're like an angel in the sky

You're like an angel in the sky  
You're like an angel when you open my eyes (Eyes)  
You're like a winter's dream of mine  
Just like an angel in the sky

Forever (Forever, forever)

You don't have to say anything  
Oh, baby, I can tell by your eyes  
You're like an angel in the sky  
You're like an angel when you open my eyes (Eyes)

You were so untrue  
But now you're true  
And I'm so happy when  
I'm kissin' you

Mm, you  
So untrue  
But now you're true  
And I'm so happy when  
I'm kissin' you

Mm, you  
So untrue  
Now you're true, baby
