Don't Call The Po-Po

Rose Villain

The neon lights and bitter drinks
They make me notice that
There's something wrong at this party
Look at that guy who passed out on the floor
God didn't stop him from wanting some more
Look at that guy, why you closing the door?
Hey why the hell are you shushing me for?

Keep on dancing baby don't call the po-po po-po
Keep on taking your shots and turn the music up
Keep on dancing and forget about trouble ble bles
Keep on dancing baby don't call the po-po po-po

Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
Don't call 'em, don't call 'em
Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
Don't call 'em, don't call 'em

My baby gets to the party
Well I'm a trainwreck
Hey what do you expect from me?
I need help
Look at that guy who passed out on the floor
God didn't stop him from wanting some more
Look at that guy why you closing the door
Babe why the hell are you shushing me for

Keep on dancing baby don't call the po-po po-po
Keep on taking your shots and turn the music up
Keep on dancing and forget about trouble ble bles
Keep on dancing baby don't call the po-po po-po

Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
Don't call 'em, don't call 'em
Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
Don't call 'em, don't call 'em
Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
Don't call 'em, don't call 'em
Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
Don't call 'em, don't call 'em

The neon lights and bitter drinks
... there's something wrong at this party

Don't call the po-po, don't call the po-po
Don't call 'em, don't call 'em
